## What a Business Owner Should Know About a New Website Design, Featuring Lindy Nowak on The Entrepreneur MBA Podcast

A functional website design is an indispensable tool every small business owner should never neglect. A quality website does not only help you build and grow your only presence but shows that your company is credible and can be trusted by customers. In addition, using new website design ideas to build your site will help generate traffic and foster a good user experience. In today's podcast, Lindy Nowak from Up in a Day and Stephen Halasnik from Financing Solutions, a leading provider of [unsecured business lines of credit](#), discuss what business owners should know about new website design.
